Eight Debaters Leave Today for SEK Tournament

Row Accompanies Group for
Fifth Word Fest of Year,
Feature Affair

Winners to K. U.

Fort Scott, Chanute, Coffeyville,
Independence, Pittsburg
All Compete

Eight debaters, accompanied by William H. Row, debate coach, left for Parsons this morning to attend the SEK debate tournament. This tournament, the fifth one which PHS has competed in this season, is probably the feature tournament of the year.

The debaters attending are Bob Akey, Margaret Agnes Naylor, Gerald Pideaux, Arthur Prince, Naida Chandler, Phillip Norman, Betty Divillo, and Jane Pratt.

Debate teams from Fort Scott, Chanute, Coffeyville, Independence, and Pittsburg are competing.

Debaters will be scheduled in two different brackets. A team from each school will be enlisted in each bracket making it possible for each school to debate every other school in the league. The two highest ranking teams in each bracket will enter the eliminations tomorrow.

The winner of this tournament will go to the state tournament at the University of Kansas.

Forensic Activities Into Full Swing

Debate, Extemporaneous Contests
Scheduled All Over State
This Month

The schedule of debate tournaments and extemporaneous speech contests for Kansas high schools was announced last Monday by Harold G. Ingham, director of the University of Kansas extension division and state director of forecsts for the Kansas State High School Activities Association.

PHS debaters will enter the third district tourney at Parsons today and tomorrow.

Contests in extemporaneous speech will be held in connection with each of the debate tournaments except for Class A schools. As a rule these are scheduled to follow the last round of debates. In most of the districts, extemporaneous speaking contests in Class A schools will be arranged for sometime during the latter part of March. The state contest for all district winners in extemporaneous speech in Class A will be held on March 31 or April 1.

The classification of schools, based on the enrollment in the senior high schools, remains the same as last year—Class A including all schools with an enrollment of more than 500, Class B the schools with an enrollment between 201 and 500, and Class C those with an enrollment of less than 200. However a change was made this year to permit four-year high schools to exclude the freshman class in reporting the enrollments, providing that freshman students are not permitted to take part in the interscholastic debates.

GIRL RESERVES PROGRAM

Group Meeting
Friday afternoon, Feb. 19

The general theme of the meetings was the life of St. Valentine. Poems were read in each group concerning Valentine's Day.

1809--Abraham Lincoln--1939

Sunday, Feb. 12, marks the 130th anniversary of the birth of our "log-cabin to White House" president—Abraham Lincoln.

Abe was born in 1809, in a crude log cabin in the backwoods of Kentucky. He had very little education and the little he had was obtained through the help of his mother and his own determination.

He was a tall, ungainly figure with rugged, deep-cut features.

Abe practiced law in Illinois and there conducted the famous debates with Stephen A. Douglas, the "Little Giant." He ran for President in 1860, against his debate opponent.

Lincoln is famous for his Gettysburg address, an oration which will

live forever. He delivered the speech at Gettysburg, Pa, in dedication of a national cemetery. He will always be remembered as the Great Emancipator of the negro slaves.

Lincoln was assassinated, April 15, 1865, in Ford Theater at Washington, D. C., by John Wilkes Booth, a southern sympathizer. The death of Lincoln was a great blow to everyone and the people of the south lost a great friend.

So ended the spectacular career of one of the greatest men our country has ever known. He was worthy of all the honor he has received. Abe—the backwoods boy who became President won the hearts of his countrymen and many a young boy looks to "Honorable Abe" as his hero!

Centuries Old Custom of Sending Valentine Greetings Originated From Two Saints

"Will you be my valentine?" Greetings on St. Valentine's Day! Have you ever stopped to think about the origin of this "lovers' festival?" Well, we're here to tell you a little about the origin.

The name Valentine is supposed to have originated from two saints of ancient history both being named St. Valentine and both died on the same day Feb. 14. The traditional anniversary of their death was known as St. Valentine's day. The lover's festival is observed because it comes at the beginning of spring, the time of year

when Cupid is working at top speed. Another version is that years ago the young people would meet on the eve of St. Valentine's day and would draw names of the opposite sex. Each man got a lady for his valentine and became the valentine of a lady for the coming year. They were bound to the services of their valentine and would exchange gifts and send greetings.

Today, greetings, sentimental, comical and ridiculous are sent to friends. Candy and flowers are also common gifts in America exchanged between sweethearts in America on St. Valentine's day!

CHEMIST TRIES HAND AT SHOE-SHINING

"Shoe shine boy" is now the song. When Charles Thiebaud gracefully let his weight (about 185 pounds) down on the foot of Norma Dae Stone, it wasn't the foot that bothered him, but a smudge on the toe of her shoe. So our hero, Raymond Crimmell, came to the rescue with a test tube brush, and the bewildered instructor tested his ability in shining the toe of Miss Stone's shoe.

Just to save him trouble and money for advertising, we shall say that Mr. Thiebaud is eligible as a shoe-shine boy.

VOX EDITORIS

In a recent copy of the New York Sun appeared an editorial, an excerpt of which follows:

Definitions

Socialism—You have two cows; and give one to your neighbor.

Communism—You have two cows and give both to the government, and the government gives you the milk.

Nazism—The government shoots you and takes both cows.

Fascism—You keep both cows and give the milk to the government and the government sells part of it back to you.

New Dealism—The government shoots one cow, milks the other and pours the milk down the sewer.

Regardless of what the reader may think, this paper is still nonpartisan, but the foregoing analyses seem to hit the nail on the head in a sort of tongue-in-the-cheek fashion.

There seems to be striking comparison between the PHS Student Council and in the 76th Congress. Both are imbued with the idea of self-assertiveness. Both wish to throw off the so-called yoke of dominance, too long exerted over them by their superiors.

However, it is the opinion of the author that this "yoke" is purely imaginary in both cases, and particularly with regard to the Student Council. The Council if it should suddenly try to exert this authority, would probably be surprised at the results forthcoming. Congress seems to have gotten ahead of us, there.

And now, it is time for the author to write "30". He has been beckoned by a superior authority to step down from his temporary elevation to the "boss-ship" and resume his position among the rest of the "key-hole kids." It was hello in last week's issue and goodbye in this, but before going, there are two questions, long unanswered him, yet long suppressed by his better judgement which will endure restraint no longer.

First, "What president is buried in Grant's tomb?" Second, "What caused the death of Abraham Lincoln?" One of the author's teachers attempted a solution to the second question, saying that Lincoln met his death when while playing a slot machine, the handle kicked back and hit him on the chin.

Student Offered Modern Facilities In High School

Any person or group of persons wishing to gain success and prominence are always ready to accept new methods in the march of progress. PHS has certainly done its share in modernizing its activities and policies. Witness the many changes made in curriculum by our administrative officers. Note, also the building program which has made our school one of the outstanding institutions in Kansas.

Contrasted with schools of several years ago, PHS offers a "wealth" of opportunities to the student who desires success. One can enroll in the course he wishes and have the advantage of using the latest facilities in pursuing any particular subject. Students of the past had none of these improvements but in spite of these handicaps, went into the

world and found their places. Considering this point, we can predict nothing but a successful future to present-day students. The extent of your success, though, depends on your willingness to take advantage of all the modern methods offered by the school.

Faculty-Finder Lacks Initiative To Progress

In all phases of life we find fault-finders. No matter whether in the school, home, or in the business world, there is always someone to find fault.

In the school these people try to find fault with the administration, activities, and other subjects. Some complain that too few students hold offices, that we should give chances to more students to try for the different offices. And yet we find those who complain about not getting the offices, and those who find fault, are those students who lack the determination and self-confidence to try.

If you are a fault-finder, ask yourself if you would have the courage and determination to try and do what the officers of the organizations are doing. Think it over!

FASHIONS AND FADS

The well-dressed femme of this season will wear for her "Sunday-Best" a small high-cocked hat with flowers, veil, feathers or plumes. Her dress or suit will be of some pastel shade of the same length as has been fashionable during the late seasons. The shoes will be of patent leather or colored kid minus toes and heels. Bags will be rather large in patent leather or gay colored kid with gloves to match. Another interesting and necessary part of the outfit is the blouse, which may be strictly tailored with shirt-buttons or they may be of the "gay-nineties" era having frills and ruffles of dainty, white lace.

ETIQUETTE

Did you know that your attitude and manners depend upon the type of personality that may be yours? At games, parties, public celebrations, and going to and from school, where you meet your elders on a social basis, your attitude and manners may put you in a good light and on the other hand, in a bad one.

It would be wise to try to improve your conduct, starting at home, school, public affairs and at athletic exhibitions. Here is one thought that may help you along the long road of life. It is that "good manners are accepted by all types of persons while bad manners are not."

DID YOU KNOW?

That Superior, Wyo., high school's basketball and football teams are called Dragons. Their colors are purple and white?

That Mr. White has the Lord's Prayer engraved on a piece of type that is small as a pin head?

"Arkie" Hoffman's wife was Purple and White Queen in 1932?

Mr. Hutchinson has been principal of PHS for 28 years?

The queen of the annual in 1922 was a sophomore?

In 1913 the Purple and White was dedicated to Miss Frances E. Palmer?

There were only four students on the first Purple and White staff?

In The Groove

How well do you know your swing? Here are some questions we thought you'd like to answer. Score yourself and see how you rate. Here they are! Answers will be found elsewhere in the paper.

1. What is Henry Busse's theme song and what instrument does he play?
2. What ork is said to have "The Sweetest Music This Side of Heaven"?
3. Who are Tommy Dorsey's featured male and female vocalists?
4. What ork leader is the composer of "Dipsy Doodle" and uses that song for his theme?
5. What ork is known by its "Stop and Go" music?
6. "I'm Getting Sentimental Over You" is what famous ork leader's theme?
7. Who has an ork known as the "Bobcats" and is a brother to a famous movie star?
8. What ork leader is Dorothy Lamour's hubby?

INQUIRING REPORTER

Question: When did you have your first date? With whom? What did you do?

George Seeley: Do you want me to go back to ancient history? It was in the sixth grade and we went to the show.

Virginia Huffman: Oh gee. Well it was in the seventh grade with George Seeley. Isn't that funny? We went to a Rainbow dance.

Earl Davis: In the eighth grade with Daphne Shoup. We went to the show. Was I scared, I didn't know what to do.

Pauline Elias: It was years and years ago. It was with Gene Coppedge and we went swimming. I was so bashful.

Ray Trumble: It was quite a while ago. I can't remember her name but we went swimming and then went home and made fudge.

Shirley Drummond: It was two years ago in Chicago. We went on a moonlight boat excursion. Yes, I was a little bit scared — it was the first time I had ever been on a boat.

Charles Newcomb goes to see Charlotte Sparks all the time and he is going to the dance with Betty Navarre. Marion Hart also thinks he is plenty wonderful. So that leaves a triangle.

PUPIL PORTRAITS

'Tis that sophomore oboe player of Gerald Carney's orchestra this time, Jay Rennick, who is five feet, seven inches tall, has red hair and green brown eyes. His favorite foods consist of hamburgers, meatloaf, and malted milk. He dislikes spinach, cabbage, and eggs. Jay's favorite movie stars are Clark Gable, Deanna Durbin, and Martha Raye.

His ideal girl must be and is four feet, eleven inches tall, have dark hair and dark eyes. These two sort of got together...what?

"Who's that little sophomore girl who has brown hair, brown eyes, and is about four feet, eleven inches tall?" Well, this time the answer is Betty Jean Payne. She is crazy about whipped cream, chocolate sundaes, and dates (both kinds). She hates parsnips, cabbage, and turnips. Betty's favorite movie stars are Robert Taylor (we might have known) Eleanor Whitney, and Jackie Cooper.

Her ideal boy should be about five feet, seven inches tall, blond, have a good personality, and must be a good dancer.

CAN YOU IMAGINE?

Shirley Ann Gay without that Georgia accent?
Wilma Carey without an armful of music?
Frances Cumisky not giggling?
Bob Akey not looking for Mary?

SONGS YOU ARE HEARING

They Say

They say, you have no lips for a fool such as I.
They say, you just believe in hello and goodbye.
And they say that the one I admire, isn't even remotely concerned.

And that I'll go on playing with fire
Until I have learned, my heart has been burned.
They say, I shouldn't dream of your face in the moon.

They say, all of my dreams will be nightmares too soon.

Let them talk, let them think what they want to.
If it makes them feel happy that way,
I know, I'll always love you no matter what they say.

Deep in a Dream of You

I dim all the lights, and I sink in my chair
The smoke from my cigarette climbs through the air.

The walls of my room fade away in the blue,
And I'm deep in a dream of you.

The smoke makes a stairway for you to descend;
You come to my arms may this bliss never end.
We're living anew just as we used to do
While I'm deep in a dream of you.

Then from the ceiling
The music comes stealing.

We're dreaming a lover's refrain
You're so appealing, that I'm soon revealing
My love for you over again
heart;

Awake or asleep all your memories I'll keep
My cigarette burns me—I wake with a start
My fingers don't burn but there's a pain in my
While I'm deep in a dream of you.

AMUSING THE MUSES

"Puppy Love"

She says he's grand, simply gr-r-r-and!
He's tall, and handsome, and such,
But we say he's silly
And just willy nilly
And in our minds he's really not much.

She says his eyes are deepest blue
The bluest she's ever seen,
But we say those eyes are just a disguise
And are really a yaller green.

She says his curls are yellow gold
That color that's very rare,
But we say it's not, it's just like a lot
Of boys who have dishwater hair.

She says he's kind and true to her
As true as the stars above

'Idiot's Delight'
Is Best in Years,
Say Previewers

"One of the best pictures in years!" exclaimed a representative group of moviegoers at the Midland theatre after viewing a preview screening of "Idiot's Delight," which will be at the Midland for four days beginning Sunday.

"Idiot's Delight," starring Clark Gable and Norma Shearer, is the screen version of Robert Sherwood's prize-winning comedy-drama which caused critics to rock with laughter, write with haste, and rave with press notices.

Gable plays the part of Harry Van, the vaudeville hooper, who dances and sings to Norma Shearer, as Irene, an acrobat who becomes a fake countess.

Norma Shearer
in "Idiot's Delight"

Edward Arnold has an important role as Achilles Weber, munitions magnate. Harry Van, song and dance man, returns from the War and meets Irene in Omaha, where he is assistant to a tipsy mind-reader Van and Irene are sweethearts for one day, but then part.

Years pass. Van and a group of dancing girls are touring Europe when he sees Irene disguised as a Russian countess. They are thrown together when a war scare causes nearly all hotel residents to flee. They decide to go to Switzerland together. A bomb hits the hotel. From the ensuing darkness and shambles their voices are heard singing "Onward Christian Soldiers."

Comments on productions:
Booster movie editor: "High school students will 'go' for this one. It's a pip! Wait till the girls get an eyeful to Norma Shearer's clothes. (Wait till the boys see 'em!)"

Mrs. Wesley Hess: "It was grand! It is the best picture I have ever seen Norma Shearer in."

Mrs. William Row: "It is a wonderful picture. It is one of the best, if not the best, that I have ever seen." Mrs. G. W. Corporon, Jr.: "It is simply grand. I was just thrilled with Norma Shearer's wonderful acting. Clark Gable does a splendid job, too."

Well folks I went to a Valentine's party last night. We had the most fun. And just guess who I went with. Joe (Elmer) Fields and he taught me to do the Lambeth Walk. When Bob Akey came up and ask me to dance with him Joe said, "No, sir." Then he told me he didn't want me a dancin'.

with none of them guys cause he said they might step on my toes. An I just had my shoes cleaned but when I got home they was as black as the Ace of Spades so it must have been Joe that got them dirty.

I'm a went to the G. R. Hi-Y Play too. It sure was good, we saw the previews in chapel yesterday morning it sure was the swellest play ever presented in this school. I sure wish Ebbie could have seen it.

You know Ebbie thinks I'm mad at him because I haven't been sayin' much about him in my columns. But you know there are so many cute guys I've been out with lately I just hamble on and talk about all of them.

Annual Invitation Meet Thursday Night

Dragons Host to District Schools In Annual Event

Preliminaries Begin in Afternoon at 2:30; Finals to Be After Supper

Starts at 7:30

First Affair of This Kind Ever Held Under Lights at College Field

For the first time in PHS track history, a meet will be held under the lights when the Purple Dragons play host to the surrounding class A and B high schools next Thursday afternoon and night in the seventh annual invitation track and field meet on Brandenburg field.

The meet was first scheduled for Friday afternoon, but other activities caused the date to be changed to Thursday night. This twilight meet will give the business men of Pittsburg a chance to see the local schools in action and also the first night meet even held on Brandenburg field for several years.

Preliminaries will start at 2:30 o'clock Thursday afternoon, including all field events, 100 and 220-yard dashes, and both low and high hurdles. Finals in the shot put, discus, and broad jump will be completed in the afternoon, so as to speed up the night session. The finals of the remaining events will be held that night.

An added event to the meet will be an 880-yard relay for all junior high boys who wish to compete for their schools. The largest entry list of the entire meet will be expected since the event has been changed to a night affair.

There will be no team trophies, but individual medals will be awarded to the winners of the many events. First place receives a gold medal; second place gets a silver medal; and third position will be awarded a bronze medal. This is the second track meet of the 1938 season to be held on Brandenburg field.

AMATEUR NOTES

The state basketball tournament at Topeka this year turned out to be a 1-city affair with Ward and Wyandotte of Kansas City, Kas., battling it out in the finals and with the Ward Cyclones winning 33-30, to become the 1938 state champs.

The S. E. K. league contributed three teams to the tournament this year, those being Coffeyville, Columbus, and Independence. Coffeyville and Columbus survived the first round while the Bulldogs were defeated by Ward, who later won the title. In the second round, Coffeyville gave the Newton Railroaders the battle of their lives and were finally beaten by the former state champs in a nip and tuck tussle.

Columbus received a sound trouncing from Winfield high five. The Winfield squad hails from the Ark Valley league and has a team that is fairly well up in the air. They all average over six feet and the tallest man is six feet seven inches tall.

The favorites of the tourney, Newton and Winfield, were knocked off in the semi-finals by the two Kansas City teams in the major upsets of the tourney. The Wyandotte Bulldogs beat the twice state champs, Newton Railroaders, by one point while the Ward Cyclones eked out a 2-point decision over the Winfield team.

The finals brought out the heated rivalry between Ward and Wyandotte. These schools are only a few blocks apart and when they tangle, a good game is sure to be seen. The tilt found the Bulldogs ahead of the Cyclones throughout the first three periods but late in the fourth quarter, the Cyclones rallied and pushed ahead of their rivals and finally won by 33-30 to take possession of the 1938 state crown.

SPEECH CLASSES IN ROW'S SERVICE BUREAU

William H. Row, speech instructor, is sponsoring a bureau which will supply a speaker and a speech for Girl Reserve, Hi-Y, or home room meetings.

The speeches are on a number of subjects and are chosen from the best made in speech classes during the year. These speeches will be of interest to the auditors, but the principal reason for the bureau is to give the speech students a chance to talk to groups other than their speech classes.

Purples Take 1st In Quadrangular With 96 $\frac{2}{3}$ Points

Revelle of Girard Captures High Scoring Honors by Winning 3 Events

Little Is Standout

Dragon Cops High, Broad Jumps, Runs on Victorious Medley Relay Team

The triangular track meet scheduled with Lamar, Girard and Pittsburg for last Friday turned out to be a quadrangular affair with Arma, Frontenac, Girard and Pittsburg.

Lamar, for whom the meet was held so early in the season, failed to appear. Coach F. M. Snodgrass then invited Arma and Frontenac to participate.

Despite the fact that Walt Revelle, classy Girard speedster, won the high and low hurdles, and was the first to breast the tape in the 220-yard dash, a strong Pitt team carried off track and field honors Friday on Brandenburg Field with a total of 96 $\frac{2}{3}$ points, while their nearest rivals, the Girard Cubs were second with a total of 27 $\frac{1}{2}$ points, fifteen of which were scored by Revelle.

Perhaps the outstanding performer for the victorious Pittsters was Homer Little, who took both the high and broad jumps, and ran on the winning medley relay team. Also outstanding for the Purple Horde was Joe Begando, who took the 100-yard dash, and anchored the 880-yard relay team to victory.

In the weight-tossing events, Fred Dittmann, Frontenac Raider weight man, outthrew his opponents with a toss of 44 feet 11 $\frac{1}{2}$ inches. Layden of Frontenac won the discus event, sailing the platter 105 feet 2 inches, while Deplace of Arma captured javelin honors by hurling the spear 151 feet 10 inches.

In the mile run, Rudy Fanska, Dragon miler, completely outclassed a host of entries, to be clocked in a fast 4:58.5 mile, with Miller, also of Pittsburg, placing second. In the 440 dash, it was all Pittsburg, for, led by Bill Poland, the Dragons took the first four places for the only clean sweep of the day.

In the half mile Pittsburg's Gordon Dunn and Waymon Edwards ranked one and two, with the winner being

timed in 2:13.9.

Pittsburg will take part in the annual invitation meet for district high schools, which is to be held here a week from today. The summaries:

With a Tongue in Our Cheek—

Rumor has it that three members of our staid (?) faculty, Sara Stephens, Dora (Dogwood) Peterson, and Ruth Lewis were picked up for speeding on a country road west of Cow Creek last Sunday morning about four o'clock. The model A that "Dogwood" was driving was doing at least 25 when the speedsters were caught. The cop who caught them said they were reckless drivers if he'd ever seen any.

John White, chief caretaker of the type lice, recently ran across a new species of the small microbe. Calling in "Ted" Carnino, also a specialist in this field, they examined their specimen carefully. White explained that he discovered the nest while cleaning out some old type. This new type of louse is pink with peppermint stripes running vertically across his back. It has three stringers instead of the usual two, and is considered to be much more ferocious than the ordinary louse. "Johnnie" will be awarded the highly coveted tin medal for the scientific discovery of the year, and the presentation will take place in assembly by one of the representatives of the World Association of Scientific Research on Rare Types of Type Lice.

Three of PHS's well known male "profs" were seen the other day walking down North Broadway toting large poles and several sacks on their backs. Whistling carefree-ly, all they told an inquirer that they were getting tired of it all, and wanted to get away from the bustle of the city. When "Ham" Row, "Les" Ramsey, and "Fritz" Snodgrass returned from their camping trip, they stated that they were going to organize a Boy's Outing club for the bettering of the youth of Pittsburg. Their camp was just north of the strip pits in Lincoln Park.

Intramural Meet To Begin Friday

All Track Lettermen Ineligible to Compete for Groups This Year

The intramural track and field meet will get under way next Friday afternoon after school with all track lettermen excluded from competition, according to a report recently made by F. M. Snodgrass, director of intramurals.

The meet will include just the members of the intramural groups who wish to compete for their respective groups. The defending champions this year will be Theodore Carnino's group, who romped to victory last season.

The Carnino Red Devils copped the crown last year by scoring 95 $\frac{1}{2}$ tallies. Homer Little and Bud Fidler were king point getters for the Red Devils, but they will not be eligible to compete for the defending champs since they are lettermen.

BOWLING SCORES

Bozick's Mobil Service finished one down to Midland Theatre in a Commercial league match on the "Y" alleys Tuesday night.

William Corporon counted a 193 single and 494 series. Theodore Carnino drew too many splits to total 388. John White hit a high single of 180 and total of 455. Finis Green totaled 359.
